EXPERIENCE

Rasi Infotech, Salem — *UI developer*

Nov 2022 - PRESENT

- Crafted intuitive and visually appealing user interfaces for mobile apps using React Native, Redux, CSS, and JavaScript, enhancing user experience.
- Played a pivotal role in developing and deploying multiple React Native mobile apps, improving user interactions and functionality, including Zinger ERP Jewellery.
- Employed version control tools for efficient collaboration, ensuring seamless integration of features in React Native.

EDUCATION

Vysya College, Salem — *BSc CS*

June 2017 - May 2020

During my time at Vysya College, I gained a solid foundation in computer science.

The Little Flower Higher Secondary School, Salem — *HSC*

June 2016 - May 2017

I completed my HSC education at The Little Higher Secondary School in Salem.

PROJECTS

Zinger — *ERP Jewellery*

The Zinger Mobile Apps project aimed to create a suite of professional-grade applications including e-commerce, catalog, sales and owner apps.

Each app has a separate feature to use various purpose of functionalities.

Our goal was to set new standard in the e-commerce to both customers and business owners, empowering them, using Agile methodology and project management tools.

enProject (PMS — *Project Management Solutions*)

The enProject app offered a range of advanced features including employee attendance tracking, Support call management, Bug creation for testing and Enquiry Management.

It provided a comprehensive solution to enhancing team productivity across various project-related functions within a centralized platform.
